DR. AMIN IN CHINA

In December, Dr. Amin visited the Great Wall of China, a powerful symbol of ancient China's long-term vision and foresight. The Wall protected the historic Silk Road, trade routes that connected cultures, regions, and peoples of all faiths and backgrounds, enabling the exchange of not only goods, but also knowledge and wisdom.

Remarkably sophisticated relay systems allowed communication and protection across vast distances long before modern technology.

Standing atop the Wall in winter was a reminder of a civilization committed to safeguarding its people and traders through innovation, planning, and enduring purpose.

CHRISTMAS GIFT-SNATCH EXCHANGE AT THE OFFICE

We took turns dropping surprises to be joyfully snatched. It was a wonderful opportunity to experience treasures from Dr. Amin's travels to Japan and China. From candies and essential oils to plush sweaters, it was truly a stocking-stuffing in motion.

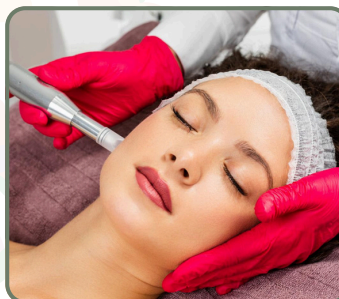

Add in our patients who brought treats, love, hugs, and the kindest words... our hearts are full ❤️

🩺 BEFORE & AFTER: NON-SURGICAL TREATMENT FOR SQUAMOUS CELL SKIN CANCER (SCC)

A DERM DIARIES DERMATOLOGY CASE

These before-and-after photos show a patient with squamous cell carcinoma (SCC) treated successfully using a non-surgical, non-radiation skin cancer treatment option. This approach is ideal for patients who are not surgical candidates or who prefer non-invasive alternatives. Our advanced dermatologic therapies focus on effective cancer clearance while preserving surrounding tissue and cosmetic outcomes.
